ENIGMA TRANSACTION EXAMPLE

ALICE wants to send coins anonymously to BOB.

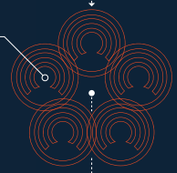
ALICE (−10.0992) CLOAK

(−10) CLOAK + (−0.0992) Enigma fee
= (−10.0992) CLOAK total

ENIGMA mixer nodes begin communicating

CATHERINE

Every coin holder can announce themselves as a Mixer Node, also known as a "Cloaker".



Every participant remains anonymous and communicates through and encrypted channel.

ALICE's wallet is now connected to mixer nodes

Each mixer node helps ALICE by shuffling around the transaction.

This network of nodes creates decentralized anonymization similar to TOR Onion Routing.

Mixer nodes get rewarded for Cloaking ALICE's transaction

(+0.0992) CLOAK

A linear fee from 0.2% (>1000 coins) to 1% (0 coins) is shared amoungst all participating.

The system works seamlessly to ensure complete anonymity and total privacy.

BOB then receives ALICE's encrypted payment

BOB (+10) CLOAK

BOB successfully receives (+10) CLOAK anonymously

CLOAK PROVIDES A MORE SECURE AND PRIVATE WORLD OF CURRENCY TRANSACTIONS

Lightning-fast

Experience almost instant transactions. No more waiting for slow blocktimes or network transactions to take place.

Earn Rewards

Everyone can earn more with Cloak. 6% annual interest is rewarded for simply staking your coins in your wallet.

Untraceable to you

Cloak has onion-routing privacy set to default, or switch on state of the art ENIGMA for the ultimate in cloaking.

Community Focused

We live and breathe community and rely upon active participation and volunteers to help the project.

PRIVATE, SECURE, & UNTRACEABLE

Enigma is at heart a decentralized, off-blockchain mixing service which allows users on the CloakCoin network to transmit Cloak privately and securely to each other. It has been designed to ensure the mixing process is both secure and untraceable to third party observers.

SPECIFICATIONS

Circulating supply : 5.1 million
Algo : x13
ENIGMA : Private, Secure & Untraceable Transaction System
Pre-mine : none
ICO : none
Block time : 60 seconds
Consensus : Proof of Stake 6% – earn 6% p.a.
Minimum age : 3 hours
Max age : unlimited
